REGISTRATION.**

*** (c) Notification of change of operation.

(1) A research facility shall notify the AC Regional Director by certified mail of any change in the name, address, or ownership, or other change in operations affecting its status as a research facility, within 10 days after making such change***

There are two off-campus, non-university-owned, holding facilities which are housing covered animals—one for twenty-nine pigs North of Centralia and one for twenty-four dogs West of Columbia—which are under the jurisdiction of the IACUC Committee at the University of Missouri. These secondary sites need to be approved by the USDA prior to their usage for USDA-regulated activities. All research facilities shall notify the Western Regional Office, in writing, of any operational changes—including the adding or deleting of new sites—within ten days of such changes.

TO BE CORRECTED BY 10-22-06

Inspection performed by David G. Kaminsky VMO, and accompanied by the attending veterinarian, the Director of the ACQA, and university staff.

Inspection performed on September 20-22, 2006, and included all on-campus buildings housing covered animals, as well as the two non-university-owned holding facilities.
