**2.31 (d)(1)(ii)**

**INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).**

The IACUC shall assure that the principal investigator has considered alternatives to procedures that may cause more than momentary or slight pain or distress to the animals, and has provided a written narrative description of the methods and sources, e. g., the Animal Welfare Information Center, used to determine that alternatives were not available;

\*\*\*No alternative search was present for rabbit protocol which was classified as Category D. Need to ensure that adequate search for alternatives to potentially painful/distressful procedures is documented. NOTE: New protocol review form was instituted after this protocol was approved, however, all protocols in Category D or E should have this information present. Correct by February 1, 2007.
