AUSTIN STREET

Inspection

Type: ROUTINE INSPECTION

Date: MAR-02-2006

**2.33 ( b )**

**ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.**

b) Each research facility shall establish and maintain programs of adequate veterinary care that include:(1) The availability of appropriate facilities, personnel, equipment, and services to comply with the provisions of this subchapter; (2) The use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care;

Medical records indicate that the 3 dogs have not been given heartworm prevention as prescribed by the attending veterinarian since October 2005. Medications need to be given as prescribed to ensure the health of the dogs. The attending veterinarian shall be consulted concerning heartworm testing and restarting dogs on prevention . Correct By : 3-10-06

**3.56 ( a )**

**SANITATION.**

Premise and grounds shall be kept clean to facilitate husbandry practices.

There are weeds growing close to the rabbit building and dog pens. There are old hoses and boards laying near the building . The discarded materials and weeds serve as a breeding habitat for rodents and snakes. The grounds surrounding the animal buildings and pens shall be kept free of discarded materials and weeds mowed to prevent a pest problem.

Correct BY : 3-10-06
