HUTTO, TX 78634

2.31 (d)(1)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

d) IACUC review of activities involving animals.

(1) In order to approve proposed activities or proposed significant changes in ongoing activities, the IACUC shall conduct a review of those components of the activities related to the care and use of animals and determine that the proposed activities are in accordance with this subchapter unless acceptable justification for a departure is presented in writing...

Antibody production has been started on the goats ,however there has been no protocol written or approved by the IACUC for this project. All protocols must be in place and approved by the IACUC prior to use of covered species. Correct By : 8-25-06

3.125 (c)

FACILITIES, GENERAL.

c) Storage. Supplies of food and bedding shall be stored in facilities which adequately protect such supplies against deterioration, molding, or contamination by vermin.

Hay is stored outside on the ground with no protection from the elements or vermin. All supplies of food and bedding must be stored in such a manner that they are protected from deterioration and contamination . Hay needs to be stored in a proper location. Correct By : 8-25-06

Inspections were conducted at farm animal housing facility and at the main site location .
The farm animal facility is a new location.
