

Primate Injuries Report

Information is relative to 404 primates for whom data was available

190 (47%) had traumatic injuries

105 (26%) had lacerations

117 (29%) had bite wounds

83 (20%) had amputations

27 (7%) had fractures

231 (57%) had some kind of injury

Primate ID	Traumatic Injury	Laceration	Bite Wound	Fracture	Amputation
